Hampstead Annual Town Report

2001

Town of Hampstead

Town Report Cover

The 2001 cover was done by Joon-Ho Lee and Kelly Morgan, under the guidance of Michael Terrile of the Hampstead Central School.

Joon-Ho Lee is a nine year old fourth grader and Kelly Morgan is a ten year old fourth grader.

About the painting she helped create, Kelly said, "Personally, I love the art work we made for the cover. We were really determined to make it look realistic. I don't think it would have come out as good if I wasn't working on it with Joon-Ho. I did some things different from him, and he did some things different from me, and together we did a really magnificent job!"

Joon-Ho said about their collaboration, "I felt really excited when I got picked to create the cover of the town report. I really like to draw and I enjoyed working with Kelly. I think we did a great job!"

Mr. Terrile said about the young artists' collaboration, "Joon-Ho and Kelly were an absolute pleasure to work with! They are both naturally talented and already have a very strong background in the fundamentals of art. I was thrilled to watch and guide them throughout the creation of this painting.

The original painting will hang in the Selectmen's Meeting Room for all to enjoy.

Dedication

**This year's Town Report is dedicated to
Nancy Watson**

Town Clerk/Tax Collector Nancy Watson informed the Board of Selectmen that she intended to resign her office for personal reasons, effective September 28, 2001. Nancy had served the Town of Hampstead since September 1989, when she was appointed by the Selectmen to fill a vacancy in that office.

Nancy literally moved the offices into the 21st century. When she took over the office it was a two-person operation in an 8' x 10' room with little or no modern equipment. She changed those conditions to the point that we had one of the best and most efficient Town Clerk/Tax Collector operations in the State. She made sure that the Town was provided with the technology, staff and space to serve the needs of our growing community.

While serving the Town in this office Nancy was also very active at the State level. She served in all offices for the Town Clerk's Association. She was selected as the President of the Association in 1995.

We would be remiss if we did not recognize that the Town got "two for the price of one" when Nancy took over this office. Nancy's husband John was helpful during Nancy's tenure, both in setting up the new office spaces when they became available, and in performing so many other volunteer tasks associated with this office. He deserves our heartfelt thanks.

Nancy will be missed! However, she has left knowing that she had accomplished a lot during her tenure and is leaving with a job well done.

Nancy is now working in the private sector. Both she and John continue to live in Hampstead and to be active in the Town. We wish them both the best.

ARTICLES

Article #2 Are you in favor of the adoption of Amendment No.1 as proposed by the Planning Board for the Town of Hampstead Zoning Ordinance as follows: To re-enact/extend until 2004 the Town's Sexually Oriented Business Ordinance (which permits only the sale or rental of sexually-explicit books, magazines, videos, and similar media [for viewing off premises] from certain commercial establishments who undertake certain specific restrictions to prevent such materials from being open to minors).

YES  1672
NO  373

Article #3 Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Hampstead Zoning Ordinance as follows: To require all electrical installations used in conjunction with swimming pools to conform to the latest edition of the National Electrical Code.

YES  1741
NO  299

Article #4 Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town of Hampstead Zoning Ordinance as follows: To re-enact the entire Gravel Ordinance as proposed for 1999 (and passed) in order to correct a scrivener's error in that the 1999 Warrant failed to include the second page as proposed by the Planning Board. The Gravel (removal) Ordinance provides certain standards and requirements for and limitation on a permit to excavate sand and gravel, etc. and a procedure for applying for such permit are established (in addition to the requirements of State law imposed on such excavations). The ordinance would require a public hearing before the Planning Board to ensure a proper reclamation plan and provide for conditions of operation. If an approval from the Planning Board is obtained, the applicant must also satisfy, at a joint public hearing with the Planning Board, the Zoning Board of Adjustment that the operation will not diminish surrounding property values, and no accelerated deterioration of roads, no nuisances or public health or safety situations will be created. If the Zoning Board of Adjustment grants a special exception for excavation (i) it can only be granted for parcels located in the four (4) commercial zones, (ii) it will require an annual permit renewal from the Planning Board after a public hearing on previous compliance, and (iii) the payment of a \$50 permit fee each year.

YES  1595
NO  345

Article #5 Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town of Hampstead Zoning Ordinance as follows: To amend the boundary description of the Mobile Home Zone located on the southerly side of Emerson Avenue so as to make those boundary lines conform to the lot lines of ownership of the owners of Emerson's Mobile Home Park as per a boundary line plan to be recorded.

YES  1487
NO  466

Article #6 Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town of Hampstead Zoning Ordinance as follows: To include an additional approximately fifteen (15) acres of land in the Mobile Home Zone, abutting Charles and Laura Ashford's Granite Village off Kent Farm Road being Map 9, Lot 125 and a portion of Map 10 Lot 14. Such land, if this article passes, is to be sold by the town to said Ashford's. (See Warrant Article 16 below.)

YES  1034
NO  931

Article #7 (By Petition) Are you in favor of the adoption of Amendment No. 6 as proposed by Petition for the Hampstead Zoning Ordinance as follows: To rezone Tax Map 6 Lot 19 off Route 111 from being partially in the Residential A Zone and partially in the Commercial C-2* Zone to being entirely within the Commercial C-2* Zone. Recommended by the Planning Board.

YES  1128
NO  753

Article #8 (By Petition) Are you in favor of the adoption of Amendment No. 7 as proposed by Petition for the Hampstead Zoning Ordinance as follows: To delete the limitation of (a) two (2) single-store, 750-square-foot- maximum accessory buildings in Residential Zone A and (b) one (1) single-story, 600-square-foot-maximum accessory building in Residential Zone B, and replacing both provisions with a requirement that only one (1) residential building will be permitted, but that an unlimited number of accessory buildings be allowed provided that the residential dwelling and accessory buildings shall not cover more than thirty percent (30%) of the area of such lot. Not recommended by the Planning Board.

YES  490
NO  1423

Article #9 Shall the Town of Hampstead raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately; the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$3,034,571.00? Should this article be defeated, the operating budget shall be \$2,857,300.00, which is the same as last year, with certain adjustments required by previous action of the Town of Hampstead or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Recommended by the Board of Selectmen. Recommended by the Budget Committee. (Advisory only)

YES  1162
NO  783

Article #10 To hear report of Auditors and Committees and to act hereon.

YES  1617
NO  178

ARTICLES CONTINUED

Special Warrant Article

Article #11 To see if the town will vote to raise and appropriate the sum of Forty Five Thousand Dollars (\$45,000) to put into the Capital Reserve Fund for the purpose of funding the second of three (3) installments as the town's share of the installation of traffic lights at the intersection of Route 111 and East Road. The total cost is Four Hundred Thousand (\$400,000), Two Hundred Sixty Five Thousand (\$265,000) to be paid by the State of New Hampshire.

This article is non-lapsing until December 31, 2002.

Recommended by the Board of Selectmen

Recommended by the Budget Committee. (Advisory Only)

YES  1644
NO  421

Special Warrant Article

Article #12 To see if the town will vote to raise and appropriate the sum of Seventy Thousand Dollars (\$70,000) for the purpose of hiring two (2) full-time firefighters.

This article shall be non-lapsing until March 15, 2002.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

YES  1391
NO  657

Article #13 To see if the town will vote to modify the organization of the Hampstead Fire Department in accordance with RSA 154:5 such that the Fire Chief will be appointed for a three (3) year term by the Board of Selectmen, dependent on good conduct and efficiency.

YES  1560
NO  444

Special Warrant Article

Article #14 To see if the town will vote to establish a Capital Reserve Fund under the provisions of RSA 35A:1 for the purpose of replacing Fire Department equipment and to raise and appropriate the sum of Seventy Five Thousand Dollars (\$75,000.00) to be placed in this fund.

This article shall be non-lapsing until December 31, 2002.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

YES  1321
NO  702

Special Warrant Article

Article #15 To see if the town will vote to raise and appropriate the sum of Four Hundred Sixty Five Thousand Dollars (\$465,000.00) to complete the Library Building and authorize the withdrawal of One Hundred and Twenty Five Thousand Dollars (\$125,000.00) plus accumulated interest from the Capital Reserve Fund created for that purpose. The balance of up to Three Hundred Forty Thousand Dollars (\$340,000.00) is to come from general taxation. (Majority vote required.)

This article is non-lapsing until December 2003.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

YES  972
NO  1092

Article #16 If Article 6 (Amendment #5) passes, to see if the town will vote to authorize the Selectmen to sell and convey to Charles and Laura Ashford, or their designee, an approximate fifteen (15) acre portion of Tax Map 9, Parcel 125 and Tax Map 10, Parcel 4, to be added to their existing land upon the recording of a boundary adjustment or similar plan - in consideration of the payment to the town of an amount of money equal to \$2,667.00 per acre.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory Only)

YES  1085
NO  854

Article #17 To see if the town will vote to authorize the Selectmen to convey to the Hampstead School District an approximate 9-acre portion of Tax Map 1 lot 42, free of conservation restrictions, in exchange for the conveyance by the Hampstead School District of an approximate 18 total acre portion of Tax Map 1 lots 39 and 43 off Depot Road, subject to the Selectmen receiving a title certificate or opinion that the land to be conveyed to the Town by the Hampstead School District has marketable title, and that the conveyance by the Town of said portion of Tax Map 1 Lot 42 does not violate any restriction or condition whereby the town acquired said land.

YES  1327

I consider myself extremely fortunate to have been appointed to serve the residents of Hampstead as the Town Clerk-Tax Collector upon the resignation of Nancy Watson. I want to thank the Selectmen for this opportunity. Arline Grant has been appointed as Deputy Town Clerk-Tax Collector, and together with our staff, Nancy Vitale and Lisa Couture we share the same determination and drive to learn as much as we can to serve the town and its residents with the professionalism and experience they deserve. As we are fairly new to our positions, we appreciate the patience of the residents while we complete our training.

These past few months, we have been busy training for and receiving our Municipal Certification with the New Hampshire Department of Safety. We are on-line with the state registry and are ready to handle all of your motor vehicle registration needs. We are currently waiting for an upgrade in our municipal software, which will increase the efficiency of point of sale, dog licensing, etc.

We have spent a great deal of time answering questions, and listening to the concerns of the taxpayers due to a significant increase in property taxes. I am proud of the way we handled each and every call, letter, or visit over the counter with honesty and sincerity. I encourage anyone who has concerns, questions, or opinions to please speak with us.

Arline, Nancy, Lisa and I look forward to the many challenges ahead. We have dedicated ourselves to work as a team, learn from each other, and strengthen our knowledge.

Respectfully submitted,

Patricia P. Curran

Comparative Statement Appropriations & Expenditures

Selectmen's Report

The State of Our Town

It is on the dawning of a new era in American history that I am presenting this annual update to the citizens of Hampstead. No longer do Americans take domestic peace for granted or speak of patriotism as something that happens around the Fourth of July. The American way of life has been changed, maybe forever, and it is within the context of change that I address all of you this day.

Over the last year, the Board of Selectmen has had the honor of working with many great citizens, citizens groups, department heads and staff members in a collaborative effort to affect positive changes around town. Allow me to outline some of the improvements our citizens have experienced.

- ⇒ The institution of an expanded Administrator's position, coupled with the appropriate level of administrative support. The change is intended to enhance the level of efficient operations out of the Selectmen's office.
- ⇒ We have seen the departure of a twelve year veteran in the Town Clerk/Tax Collectors office. This placed the board in a position to appoint an interim Town Clerk/Tax Collector, and re-align the office to ensure a seamless transition to a newly elected official.
- ⇒ All town buildings proximate to the Town Hall, including the Old Meeting House, have been connected to a new sewage system. This will end decades of system failures and problems.
- ⇒ This summer, citizens will be able to enjoy a renovated Town Green. This area will soon be adorned with a bandstand, capping off a commitment made by the 250th Committee, and adding a truly beautiful structure for the enjoyment of all.
- ⇒ We have seen the continued development of the Ordway Park site in West Hampstead. This area is an asset to all citizens, and is the result of countless hours of dedicated service to the project.
- ⇒ Residents requiring assistance of the Fire or Police Departments will be pleased to know that a grant writing campaign on behalf of both departments, resulted in increases of service or new equipment with no immediate cost to our community. An expanded Emergency Management program has also been instituted this year. We will continue to explore grant writing opportunities relative to public safety whenever possible. Also, Hampstead's public access cable network continues to improve. This year cable has utilized thousands of dollars to repair or replace equipment to enhance audio and video performance for both the town and school channels.
- ⇒ Many residents were either afforded improved access to their homes as the town upgraded all remaining dirt roads to paved streets or benefited from our aggressive ongoing road restoration program. Efforts like these funded through local and federal resources should allow all residents to remain confident that we are keeping our roads safe for all.
- ⇒ The town agreed to a new Solid Waste contract enabling Hampstead to avoid significant cost increases. This action coupled with continued aggressive financial management has enabled this administration to continue the six-year trend of reduced

town tax rates.

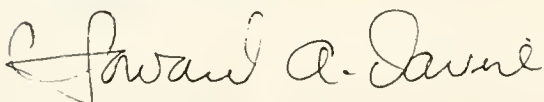

- ⇒ Volunteer groups have worked diligently throughout the year. Some highly visible enhancements include the addition of a 4th field at Depot Road, as well as the completion of the town tennis court/playground renovation.
- ⇒ We have also expanded our Senior Citizen programs adding new summer and winter activities to our existing services. It is with immense pleasure that this Board of Selectmen can continue to offer activities to our senior community.

This list is by no means all encompassing. There are many other programs, projects, activities and volunteer efforts that took place over the last 12 months resulting in direct benefit to all residents. It would be impossible for me to personally address all those that worked diligently this year to make Hampstead a better place. However, to all those volunteers, on behalf of the Board of Selectmen and the citizens of Hampstead "We Thank You". I would also like to mention that the untimely passing of several dedicated individuals, deeply saddens all those whose lives they've touched. Their counsel, support, and service will truly be missed.

Let me end this report to all citizens by saying we are truly blessed to live in such a beautiful community. We all share a common obligation, not only as citizens of Hampstead, but as Americans. That obligation is to keep the memory of those souls that gave their life in the September 11th attacks and those that continue to risk their lives in the pursuit of our freedom or safety, alive. That obligation is to serve one another as we would choose to be served. That obligation is to help those less fortunate than each of us, whether here in Hampstead or any other place in the world. That obligation is to cherish what we all share as members of one of the greatest countries in the history of the world, our freedom!

I wish you all a safe and prosperous year.

God Bless America!

Howard A. Davine, Chairman
Hampstead Board of Selectmen

Hampstead Public Library Report – 2001

“Libraries will get you through times of no money better than money will get you through times of no libraries.”--Anne Herbert in *The Whole Earth Catalog*.

The people of Hampstead use the Library in great numbers. Over 31,000 patron visits were logged over the course of the year 2001, and more than 50,000 items were checked out. With 7,700 people currently holding library cards, that was a lot of activity. Of course, library use extends far beyond these numbers. Computer usage continues to rise, both inside the Library building and through the Library home page. Research materials, such as Encyclopedia Americana, New Book of Popular Science, and Lands and Peoples are now available through the WEB site at www.hampstead.lib.nh.us. The ProQuest periodical data base, which indexes 2400 magazines and newspapers with full text for 1500, can also be accessed. Word processing and spreadsheet software are available on several computers inside the Library. Library staff time is focused more and more on how to squeeze one more item, one more computer or one more activity into an already overstuffed space.

Insufficient space has affected most of the activity at the Library this year. New books are constantly added to the collection to provide current, accurate information and leisure reading materials. Since the shelves are full already, some older items have been placed in storage to make room for the new. There is an ongoing weeding process which removes outdated and little used material. The Pleiness collection of Civil War material was split, and two thirds placed in storage, to make room for newer items. Items that have been placed in storage will be retrieved when asked for at the desk.

Some general seating has been removed and placed in storage, to make space for materials and computers. The walls of the Program Room are now lined with tables, chairs, and other equipment that must remain close at hand.

The Program Room is used by both adults and children. In addition to our recurring winter evening book discussion group, we have added an afternoon group, which meets once a month year round. Children's story hours are held three times a week. The CRA program, Discovery Depot meets twice a week. The popular babysitter training program, conducted by Bonnie Beattie, has been expanded with a follow-up CPR class. Summer was full for young people with programs organized around the theme of "Octopi Your Mind". Each book read by a participant resulted in a sea creature hung on a string of "sea weed" from the ceiling. By the end of the summer the Children's Room was thick with strings of sea weed, covered with sea creatures. All together, 818 people participated in 27 programs during the six weeks, continuing everyone's enthusiasm for books and reading through the summer.

Volunteers continue to be an important part of the services provided by the Library. Margaret Noonan, Maxine Stull, Howard Hamel, Mary Winchell and Dick Turner have all given of their time and expertise to help us expand our services to the public. Kathy Cussen, Martha Pond, and Mary Preble have presented programs which

enlightened and inspired.

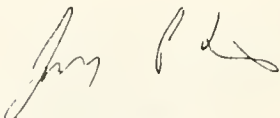

The Friends of the Library continue to be a mainstay in fund raising. They provide promotional materials and special items for use in the Library. This year they provided funds for pencils, magnets, and dies for the die cut machine. As in other year's they funded the Summer Reading Program and the book discussion series each year. Some money went into the Building Fund.

Other town organizations, Mothers Club, Garden Club, Civic Club and CRA also contribute. Mothers Club provides half the cost of the Museum of Science pass and funds to purchase picture books in honor of new babies. CRA provides the passes to the Christa McAuliffe Planetarium and the Children's Museum of Portsmouth. Civic Club provides funds for special programs during the summer and other school vacations. The Garden Club keeps our flower borders beautiful and makes sure that the Story Garden behind the Library is always ready to enjoy. It is used all summer for both children's and adult programs, as well as by individuals just seeking a quiet place to eat their lunch or sit and read or rest for a few minutes in a busy day.

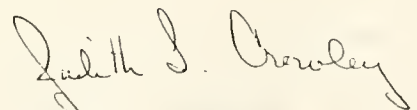

Two articles have been placed on the Warrant for consideration by the Town this year. Article 19 will provide \$387,000 from current taxation and \$125,000 from Capital Reserve to finish the second floor of the building. If this article passes, the building will be finished this year and the building project, which has been in progress since 1984, will be completed.

Article 20 requests \$125,000 to add to the Capital Reserve Fund, in case Article 19 fails. If this article passes and goes into effect, \$125,000 will be added to the Capital Reserve Fund toward the future completion of the building. Capital Reserve funds can only be used at a latter date, after a second vote of the Town.

Please vote yes on both articles. Remember, if they both pass, only Article 19 will take effect. This is the right year to move forward and finish the Library. Please stop in and see the plans. Trustees and staff are eager to share their vision of library service with you. Voting day is March 12th. We will be there. We hope to see you there too.

Report of the Building Department

Commercial construction increased during the year 2001 as the number of residential permits issued declined. A total of 210 permits were granted to property owners for projects that included a new larger post office building, a 60,000 square foot indoor sports facility and 16 single family homes.

Owen's Court, off Kent Farm Road, and Gigante Drive, continue to become home to manufacturing buildings, storage facilities and cell towers.

Only two residential subdivisions are ongoing with homes under construction on Victoria Lane and Houston's Way – a new subdivision in West Hampstead. Three seasonal homes are being built for possible future conversion to year-round occupancy.

Land added to Granite Village – an adult manufactured home community – will result in an expansion of that park.

We have seen a trend towards large residential additions – many valued in the \$100,000 range. An increase in the number of sheds and sunrooms was also evident.

Dawn Shaw and Trudy Towne cover the office's 36 hours each week to process permit applications and schedule appointments for inspectors.

Kristopher Emerson inspects residential construction, assisted by Robert Morache. Commercial inspections and plan reviews are by S.F.C. Engineering

Michael DiBartolomeo is part-time electrical inspector, assisted by Steven Councilman and Anthony Luele.

Michael Hartnett continues as part-time plumbing inspector. Assistant is Winthrop Stubbs.

Burner and wood stove inspections are done by members of the Fire Department .

Proctor Wentworth no longer heads the department but provides valuable service and support as Code Enforcement Officer.

Paul Wentworth, who has faithfully met with residents and contractors to review plans and sign applications Monday through Friday from noon to 1 p.m., has resigned as of April 1, 2002 and looks forward to a well-deserved retirement. We will all miss his patience, expertise and sense of fair play. Best wishes to Paul and Bonnie for sunny days in Florida.

Our inspectors are willing to make appointments to meet with anyone who is not able to come to the office during regular hours.

Independent Auditor's Report

To the Board of Selectmen
Town of Hampstead, New Hampshire

We have audited the general purpose financial statements of the Town of Hampstead, New Hampshire as of and for the year ended December 31, 2000, and have issued our report there on dated May 23, 2001.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of the Town of Hampstead, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Town of Hampstead, New Hampshire for the year ended December 31, 2000, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Hampstead, New Hampshire in a separate letter dated May 23, 2001

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

Wachon, Clutney & Co. PC

Report to the Town of Hampstead Hampstead Capital Needs Committee – 2001

During the past few months, the Capital Needs Committee (HCNC) has been working with representatives from each Town committee, commission and department to bring you the attached Capital Forecast for the next five years — through 2007. We want to thank all of the representatives of the various departments, committees and commissions for the efforts they made to carefully consider their capital needs and prepare information to enable the HCNC to bring the combined needs to you, the residents of Hampstead, for your consideration. The various committees' participation in this process is an indication that the department heads want you to be better informed.

The information provided in this report is not “cast in concrete”. Instead, it is an unfinished work that is being molded and shaped continuously. This report shows the current “best guess” as to when each of the forecasted items will be brought to the Town for consideration as a part of the operating budget, a Warrant Article or other Town Meeting action.

Included with this report are two pie charts that show the total expenditures for each department. Each segment of the pie represents the total capital forecast (for 2002 – 2007) or approved by the voters and spent (for 1997 – 2001). The year-by-year break down of capital is shown in graphs included in the detailed report books as mentioned at the end of this letter.

The HCNC appreciates the cooperation each department has contributed in making this report possible. Without their assistance and participation in this process, we would not be able to provide this planning document for the town.

As in the past, copies of the entire Hampstead Capital Improvements Plan (all of the individual backup planning forms and plans) will be available for your review at the Library, Selectmen's Office, The Town Clerk's Office, the Planning Board and the Budget Committee offices. If you have any questions, please contact one of the HCNC members.

Respectfully submitted February, 2002.

Doug Gootee, Chairman
Brian Shuman
Nan Graves

(603)271-3397

BUDGET OF THE TOWN/CITY

OF: HAMPSTEAD

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2002 to December 31, 2002

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the above address.

This is to certify that this budget was posted with the warrant on the (date) January 28, 2002

GOVERNING BODY (SELECTMEN)

Please sign in ink.

Charles A. Davis
Robert J. Gifford
James H. [Signature]

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

2001 TOWN WARRANT – TOWN OF HAMPSTEAD, NH

To the inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Hampstead Middle School in said Hampstead on the following dates and hours for two (2) SEPARATE SESSIONS.

FIRST SESSION - Friday, February 8, 2002 (Deliberative Session)

At seven o'clock (7:00) in the evening, for the purposes of explanation, discussion, and debate of all of the following proposed Warrant Articles:

[NOTE: ALL WARRANT ARTICLES, including the proposed Budget, but excluding those relating to the election of Town Officers and proposed Zoning Amendments, may be amended at this First Session AND ONLY AT THIS FIRST SESSION.]

SECOND SESSION - Tuesday, March 12, 2002 (Voting)

At eight o'clock (8:00) in the AM to elect all Town Officers, by Official Ballot, to vote on questions required by law to be inserted on the Official Ballot, and to vote on all Warrant Articles **AS AMENDED AT THE FIRST SESSION.**

[NOTE: THERE WILL BE NO EXPLANATION, DISCUSSION, OR DEBATE OF ANY WARRANT ARTICLE AT THE SECOND SESSION, AND NO ARTICLE MAY BE AMENDED. All voting will be by secret, written Official Ballot only. The polls will remain open 12 hours between the hours of eight o'clock (8:00) in the AM and eight o'clock (8:00) in the PM.]

Warrant Articles:

1. TO CHOOSE ALL NECESSARY TOWN OFFICERS FOR THE YEAR ENSUING.

2. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #1

1. Amend I-4-0 ii Definitions Access by deleting the statutory reference 674.41 (c) and replacing it with 674.41:

and ADDING the following to read:

The State Department of Transportation or the Hampstead Planning Board may require alternative access for reasons of public safety, health or environmental protection. This still requires compliance with the provisions of RSA 674.41."

3. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #2

Amend RECREATIONAL ZONE B, III-3:5 STRUCTURE / DWELLING REGULATIONS, B. HEIGHT:

Delete the word “building” and replace with “structure” and ADD:

“Also, the maximum structure height in Zone B shall not exceed 35 feet at any point measured from finished grade to the highest roof peak nor shall it exceed 24 feet measured from the first floor level to the highest roof peak.”

4. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #3

Amend Article 1-2, GENERAL PROVISIONS, 1-2:1, PRE-EXISTING USE
The new second sentence to read:

“However, this ordinance shall apply to any addition or alteration of a structure for a purpose or in a manner substantially different from the use to which it was put before the alteration.”

5. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #4

Amend Article IV-3, SWIMMING POOL ORDINANCE, IV-3:0, PURPOSE by deleting the word “private” to read:

“The following regulations shall govern the construction, use and maintenance of all-swimming pools in the Town of Hampstead”.

6. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #5

Amend IV-3:1, DEFINITIONS to read:

“For the purpose of this Ordinance, a swimming pool will be defined as any pool of water at least 18 inches deep, and/or 125 square feet in area and will be considered as a structure”.

7. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD AS FOLLOWS:

Amendment #6

Amend Article I-3:4 (b) to read “a civil penalty not to exceed \$275.00 for each day....

8. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS FOLLOWS:

Amendment #8

Petition Article:

Amend Article III (Zone C3 Commercial), Section III-I: 6A so as to include Tax Map 10 Lot 6 in its entirety.

Recommended by the Planning Board.

9. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS FOLLOWS:

Amendment #7

Petition Article:

Amend Article IV (Home Occupation Regulation) Article IV-6: 5, by adding a new paragraph D as follows:

D. Residential Zone A

1. No signs or advertising display signs shall be permitted for the home occupation. The provisions of IV-4 do not apply.
2. The street address of a home occupation in Residential Zone A shall not be advertised to the public in any commercial telephone directory, listing, newspaper, Internet, radio or television service.
3. The occupation shall be carried on by the resident-owners or tenants, with the owner's permission, and employ no others.

Not recommended by the Planning Board.

10. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS FOLLOWS:

Amendment #9

Petition Article:

"That the current zoning ordinance: III 3:4-D under Recreational Zone B Setbacks, and III 2:4-D under Residential Setbacks be clarified and revised to read as follows:

"EXCEPTION-: Temporary Structures 200 square feet or less, which meet BOCA Code # 1806.1 may be permitted within the side and rear boundary lines, requiring no buffer setbacks.

Temporary Structures which meet BOCA Code #1806.1 shall remain setback thirty (30') feet from the front boundary line, to allow for State/Town right-of-ways and snow plowing and removal. "

Not recommended by the Planning Board.

11. TO SEE IF THE TOWN WILL VOTE TO AMEND THE HAMPSTEAD ZONING ORDINANCE AS FOLLOWS:

Amendment #10

Petition Article:

To require the development of commercial sites and/or commercially zoned property when they abut residential property to adhere as follows:

That: the said commercial property have a fifty (50) foot landscaped buffer zone, beginning on the boundary line of the site under development and said residential abutter.

That: the buffer (around the perimeter) be a planted screen of shrubbery and trees not less than six feet in height at the time of planting.

That: the screen shall be at least 15 ft width and shall be maintained suitably by the owner.

That: in order to maintain a dense screen year round, at least 50 (50) percent of the plantings shall consist of evergreens. Existing natural growth may be considered as part of the screen.

That no parking spaces be located within any part of that buffer zone.

That: only an access road, where required and approved, may encroach upon said buffer.
Not recommended by the Planning Board.

12. OPERATING BUDGET

Shall the Town of Hampstead raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$3,506,647.00? Should this article be defeated, the operating budget shall be \$3,249,601.00, which is the same as last year, with certain adjustments required by previous action of the Town of Hampstead or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory only)

13. To hear report of Auditors and Committees and to act hereon.

14. Shall the Town vote to rescind its action to elect a police chief pursuant to RSA 41:47 and authorize the Selectmen to appoint the Police Chief under RSA 105:1, such authority to begin with the term starting at the conclusion of next year's regular town meeting?

Recommended by the Board of Selectmen.

Special Warrant Article

15. To see if the town will vote to raise and appropriate the sum of \$45,000 be added to the Capital Reserve Fund for the purpose of funding the third of 3 installments as the town's share of the installation of traffic lights at the intersection of Route 111 and East Road. The total cost is \$400,000, \$265,000 to be paid by the State of New Hampshire.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory only)

Special Warrant Article

16. To see if the town will vote to raise and appropriate the sum of \$399,900.00 for the purpose of purchasing 16+ acres of land, known as Map 02, Lot 14 located at 405 Main Street, and authorize the Selectmen to take any action necessary to purchase the property.

This article shall be non-lapsing until March 15, 2003.

Recommended by the Board of Selectmen.

Not recommended by the Budget Committee. (Advisory only)

Special Warrant Article

17. To see if the town will vote to raise and appropriate the sum of \$100,000.00 for the purpose of building a Salt Shed at the Hampstead Town Garage.

This article shall be non-lapsing until December 31, 2003.

Recommended by the Board of Selectmen.

Not recommended by the Budget Committee. (Advisory only)

Special Warrant Article

18. To see if the town will vote to raise and appropriate the sum of \$75,000 to add to the Capital Reserve fund previously established for the purpose of replacing Fire Department equipment.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory only)

Special Warrant Article

19. To see if the town will vote to raise and appropriate the sum of Five Hundred Twelve Thousand dollars (\$512,000.00) to complete the Library Building. No more than Three Hundred Eighty Seven Thousand dollars (\$387,000.00) is to come from general taxation; and to authorize the withdrawal of One Hundred Twenty-five Thousand dollars (\$125,000) plus accrued interest from the Capital Reserve fund created for this purpose.

This article is non-lapsing until December 2003.

Recommended by the Board of Selectmen.

Not recommended by the Budget Committee. (Advisory only)

(The article is asking for \$387,000, which is the remainder needed to finish the building. \$125,000 plus accrued interest is already available from the Capital Reserve Fund if this article is approved. $\$387,000 \text{ plus } \$125,000 = \$512,000$)

Special warrant Article

20. If Article 19 is defeated, shall the town vote to raise and appropriate the sum of One Hundred Twenty-five Thousand Dollars (\$125,000) to be added to the capital reserve fund already established for the completion of the library building?

This article will be null and void if Article 19 passes.

Recommended by the Board of Selectmen.

Recommended by the Budget Committee. (Advisory only)

(This article will add \$125,000 to the Library Building Capital Reserve fund which currently holds \$125,000 plus accrued interest. If the entire sum of \$387,000 is passed in Article 19, this article will not take effect. This fund can only be accessed by a further vote of the town.)

21. To see if the town will vote to accept Gingerbread Lane as described on Plan # D-16481.

22. To see if the town will vote to accept Hickory Road as described on Plan #D-19271.

23. To see if the town will vote to accept Rosewood Circle as described on Plan #-D-24892.

24. To see if the town will vote to accept Ellyson Avenue as described on Plan # D-24892.

25. To see if the town will vote to accept Sarah's Way as described on Plan #D-27261.

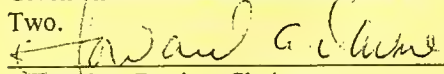

26. To see if the town will vote to accept Peaslee Court as described on Plan #D15833.

27. Petition Article:

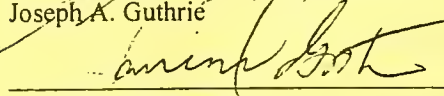

To see if the town will vote to take as a donations, a system of lights which will be installed at the Depot Road Complex per a Master lighting plan.

28. Shall the Town of Hampstead discontinue as an open highway and make subject to gates and bars Old Depot Road from Main Street to the Derry town line in accordance with RSA 231:45?

Given under our hands and seal, the 24th day of January, in the year of our Lord, Two Thousand Two.

NOTES

ZBA – Year End Report – 2001

In 2001 the Hampstead Zoning Board of Adjustment heard 30 requests for Special Exceptions. 28 of these requests were granted and 2 were denied. One of the granted requests was for a seasonal conversion and one was for a home occupation.

The board heard seven requests for variances. Five were granted and two were denied.

Four requests for Equitable Waiver of Dimensional Requirements were granted.

The board heard two Appeals of Administrative Decisions. One was granted the other was denied.

The board had one request for a rehearing which was denied.

The board welcomed Ken Strong as an alternate member .

This year long time town council Bob Fryer retired, we appreciate his expert services and wish him along and happy retirement.

The town has hired the firm of Soule, Leslie, Kidder, Sayward, And Loughman as our new town council. The ZBA will rely on the expertise of Barbara Loughman.

Early in 2001 the NH Supreme Court revised their prior rulings on hardship definitions for variances. These revisions should make it somewhat easier for applicants to meet the requirements for a variance. Details are available in the ZBA office.

My thanks to Dawn Shaw for many years of service to the ZBA, her experience, and dedication are appreciated. Working with her is a pleasure.

Respectfully submitted,

Bob Cairns , Chairman

Hampstead Conservation Commission Report – 2001

It was a quiet year for the Hampstead Conservation Commission, as surrounding towns scrambled to amass large sums of money to set aside conservation lands, a process that enlightened Hampstead residents began and largely completed in the 70's, 80's and early 90's. Those past investments in the future of our town seem like bargains now.

Although the major land parcels have been acquired, there are still access easements to be obtained and small inholdings we'd like to get. So the fraction of the current use tax that goes into the Land Acquisition Fund will be a big help in the future as we complete this process. The commission is very grateful for the steady support of the residents of Hampstead.

This year we accepted the resignation of a long time member of the commission, Diane Gorrow, who for over a decade had faithfully attended meetings and provided legal insights to the commission that will be hard to replace. As a member of the law firm representing Hampstead, she will continue to look out for the Town's interests in equally important ways.

Kendra Stanley has joined the commission to replace Diane, and brings with her a world of political experience that will be helpful.

Again this year, the Boy Scouts, and especially Steve Gamelin, help the commission by refurbishing the benches on the trails in the West Road Conservation Area. Many thanks.

On the nature front, I'm happy report that due to an extensive program of nest box construction, this year's yard totals included two pairs of wood ducks, one pair of hooded mergansers, two pairs of northern flickers, one pair of white breasted nuthatches and one pair of bluebirds. Not bad for a one acre lot! Similar result can be obtained in many parts of Hampstead; just don't forget raccoon guards.

HAMPSTEAD PLANNING BOARD

11 Main Street, Hampstead New Hampshire 03841-2033

Report to the Town 2002

During 2001, the Planning Board reviewed 84 projects, 7 new single-family lots were approved along with 20 new commercial building lots. Seven projects are under review, including 2 single-family lots, four commercial and 1 multi-family proposal.

The Planning Board has proposed several modifications (as usual) to the Zoning Ordinance. These changes are shown as Warrant Article # 2 through # 7 and are being recommended to make the zoning ordinance more understandable. We have held public hearings on these changes.

Petition articles # 8 through #11 have been submitted by citizens. After holding public hearings on these, the Planning Board recommends a negative vote on Articles # 9, 10, and 11. The Planning Board members felt these are already covered in the Zoning Ordinance and do not need to be restricted further. Article #10 (building setbacks) seems too loose in one area and too restrictive in others. It does suggest an area of zoning that could be improved and the Planning Board will look into this in 2002.

Petition Article # 8 is recommended by the Planning Board. The parcel abuts commercial property both in Hampstead and in Sandown, and it is reasonable to expand our commercial zone in that area.

Randy Clark, Chairman

Planning Board Members

Randy Clark, Chairman

Bill Kelly, Vice Chairman

Joe Guthrie, Ex-Officio

Rick Hartung

Bob Morache

Proctor Wentworth

Bill Wuest

Planning Board meetings are scheduled for the first and third Monday's of each month. The citizens of the Town are encouraged to attend all meetings. A summary of the last years work follows this report.

POLICE DEPARTMENT

JOSEPH BEAUDOIN, Jr.
Chief of Police

P.O. BOX 540 • HAMPSTEAD, NEW HAMPSHIRE 03841
TEL. 603/329-5700 • FAX 603/329-4990

As the year 2001 comes to an end I would like to thank the residents of Hampstead for entrusting me with a second term as Police Chief of our town.

This year was especially difficult with the passing of my friend and our long time Chief, Bill Letoile. He is greatly missed by all the men and women of the police department.

No one will ever forget the tragic events of September 11 and how it has changed all of our lives. Since that awful day many residents have taken the time to stop at the police station and express their appreciation, realizing what officers may face every time they put on their uniform. The department thanks you for your thoughts and support.

Not surprisingly, this year has been a very busy one for the Hampstead Police Department. We received and responded to more than 10,000 calls.

The department applied for and received a \$25,000 grant in 2001. We will hire our sixth full-time police officer in January 2002, allowing the department to have two cruisers on duty most of the time. Hampstead is a growing community with growing needs. This added police presence will greatly help the police department to meet those needs.

In closing I wish to thank all of my officers for being available whenever I needed you, but especially, for being prepared and ready to help the people of Hampstead whenever they needed you!

Last, but not least, a special thank you to our two dispatchers, without whom my job would be impossible.

Police Chief
Joseph Beaudoin

Joseph A. Beaudoin, Jr.
Joseph A. Beaudoin, Jr.
Chief of Police

Report to the Town of Hampstead – 2001

This has been another busy year for Hampstead Fire Rescue. The number of requests for emergency services has increased steadily over the past years. Half of the 2001 increase was in medical calls.

As soon as the Hampstead voters approved the hiring of two full time Firefighter/EMT's, the Board of Engineers joined forces with the East Derry Fire Department to set up the selection process. This effort would produce a list of certified Firefighters. We followed the State of New Hampshire Fire Service criteria to allow for a fair and unbiased selection of candidates. All the men and women had passed a written exam and also passed a physical agility test. Hampstead then set up interviews with those who were interested in becoming Hampstead firefighters. Out of the process we hired Christopher Beaudoin and Edward Clark, both Hampstead residents and members of the call department. They work at Central Station from 7:00 A. M. to 5:00 P. M. Monday through Friday and can be reached for all Department business by calling 329-6006.

The full and part time Fire Fighters have spent a great deal of time working with both Central School and Middle School Crisis Teams developing the pre planning for a variety of emergency situations. We have also increased the number of fire drills to help prepare the schools in the event of a fire problems. During the fall an electrical malfunction caused a heating unit to burn out at the Middle School. The failure sent smoke into part of the building. The ensuing evacuation of staff and students went flawlessly. The situation was brought under control by the Fire Department with the assistance of the school staff.

It was with great appreciation that the Hampstead Firemen's Association accepted a check for \$10,000.00 from the Hampstead Lions to be used toward the purchase of Thermal Imaging equipment. We added this check to the money the members raised and also the \$7,000.00 from the Town for a total of \$36,000.00. Two Cairn's Thermal Cameras were purchased to allow an Engine in each station to be equipped. With this equipment we have the capability of seeing through smoke to help locate the seat of a fire or trapped victims. All the camera's need to operate is a temperature differential to produce an image on the viewing screen thus they can be used in unlimited situations.

The Chief currently works at the Central Station from 1:00 to 5:00 P. M. daily. These hours will be increased this coming year to allow for more planning and supervisions of the full time personnel.

Burning permits may be obtained by calling the station from 7:00 A. M. to 5:00 P. M. Monday through Friday or the Duty officer on weekends.

Hampstead Fire Rescue wishes to thank all our supporters who have helped with donations and kind letters of support during this devastating year. We saw so many of our fellow emergency workers killed in the September 11 attacks.

Walter "Chip" Hastings, Chief 329-6442

James Gilmartin, Deputy Chief 329-7171

Kerry Clark, Captain 329-5407

Steve Flynn, Captain 329-5176

William Warnock, Captain 329-7142

Town Forest Fire Warden and State Forest Ranger Report to the Town – 2001

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for any open burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs. Open burning is a privilege, **NOT** a right. Help us to protect you and our forest resource! Build small brush piles that can be quickly burned and extinguished.

New Hampshire experienced over 940 wildland fires in 2001. Most of the fires were human caused. Due to dry conditions fires spread quickly impacting more than 20 structures. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible. **Only You Can Prevent Wildland Fires.** Contact your local Fire Department or the New Hampshire Division of Forests and Lands website at www.nhdf.l.com or call 271-2217 for wildland fire safety information.

Hampstead Recreation Commission Report – 2001

The Hampstead Recreation Commission (HRC) administers and supervises several recreation programs and all recreation facilities available to the citizens of Hampstead. Members include: Chairman Terry Pavlini, Phil Torre, Bob Keith, Stan Lewis, Debbie Highfield, and Cathy Drivas. The HRC meets the third Monday of every month at 7:00PM at the Town Hall and the meetings are open to the public. During 2001 the HRC added one new member and recreation director: Cathy Drivas was appointed 1st alternate in March of 2001 and Angie Ingraham was appointed to fill the vacancy created from the resignation of Charlene Flaherty. The HRC would like to take this opportunity to thank Charlene Flaherty for her years of dedicated service to the town serving as the Recreation Director.

The summer program for children was our major yearly activity, involving approximately 325 children, ages 6 through 13. Program sites were at the Memorial Gym and the Hampstead Central School. The activities, sports, and arts and crafts were offered daily. Special activities provided were: a pizza party, a water carnival, a penny carnival, a time travel art day, a magic show, and a lip sync day. There were trips to the Town Beach, as well as other exciting field trips such as, roller-skating, bowling, Canobie Lake, Water Country, a day at the movies and climbing the walls at Vertical Dreams.

Other programs offered were a four week session of tennis lessons, and the Hampstead Junior Golf League. Lessons for teens 13 to 16 years of age with six weeks of golfing at The Fairways in Kingston were also offered. Swim lessons were available at the Town Beach with three different age groups. Individual art lessons were also enjoyed by children in the program.

The Town Beach was a popular spot on the hot days. We're pleased to report that weekly water testing showed that the water quality was reported excellent this summer. The HRC maintained and staffed the site from Memorial Day through Labor Day. A beach parking permit continues to be required and available at the Town Clerk's Office in Town Hall. Fees are five dollars for residents and twenty-five dollars for non-residents.

The Hampstead Memorial Gym was and continues to be in constant use. Residents who wish to use the facility should call the Recreation Director for scheduling. Besides Civic Club basketball, there is also women's basketball, men's basketball leagues, men's and women's volleyball, CRA activities, and the senior walking group who use the gym on a regular basis.

The outdoor recreational facilities (field) underwent renovations and additions throughout 2001. The newly formed Hampstead Pop Warner Football organization constructed a new field at Depot Road (field #4). We are looking forward to having Pop Warner Football in town during the fall of 2002. The HRC would like to thank this organization for a job well done.

The Town Hall fields were renovated during the fall of 2001. Leveled, re-seeded and irrigated; these fields will be ready for use during 2002.

The West Road playground was completed. A retaining wall and new fencing was installed. The HRC would like to thank the Mother's Club for their donation of the playground equipment.

Once again, Hampstead was proudly represented at the Hershey Track and Field events in Rochester. Congratulations to the twenty athletes who participated in the events. To spark interest in the meet, and to offer practice opportunities, we had our third year of our running club. Starting from June 1st to the day of field events, we joined the Timberlane team at their track for practices.

Our NYSCA program for coaches continued to offer certification programs. Clinics were held in March and November with seasonal sports being addressed. Another clinic will be held in mid-March at the Hampstead Middle School. Softball, baseball, and T-ball will be featured along with the certification programs. All members can continue membership through the mail to continue insurance protection.

Brenda Creeden and Dorothy MacFarland coordinated a total of six trips for the seniors. Some of the places they went to include: Foxwoods, Mystic Connecticut, The Big E, Vermont, and a ride on the Mount Washington. The HRC appreciates the volunteer efforts of these two women and for doing such a wonderful job with the planning.

The Annual Senior Citizens' Holiday Dinner was held in December and attended by nearly 190 of our seniors. The dinner was once again held at the Hampstead Middle School and served by several community members. The dinner was catered by The Kieley Corporation. The food was excellent, the weather cooperated, and the dinner was a success. Entertainment was provided by Joe Knight on the keyboard, a choir group under the direction of Cindy Verrill and Irish Step Dancing by Catherine Megan. The Hampstead Boy Scouts (set-up), Hampstead Girl Scout Troops (decorations), Hampstead FCCLA members (set-up & serving), all the generous pie baking volunteers (25 pie pledge), Scott Kingsley (MC), and almost sixty Hampstead citizens worked and/or served our senior citizens. We extend our thanks to all who volunteered time to help make this day an enjoyable success.

The HRC must also thank the active members of our community who give of their time and talent to assist us in our varied programs. Volunteers add to the success and enjoyment of all of our programs.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Angie Ingraham', written in a cursive style.

Angie Ingraham
Recreation Director

Senator Prescott 2001 Report Hard Work and Accomplishment

I would like to begin by thanking the citizens of Hampstead for giving me the honor of serving them in the State Senate this past year. I was grateful to have the opportunity to better my community and I look forward to working hard in 2002 and beyond.

As we close out a very successful 2001, I would like to share with you just a few of the accomplishments we were able to make together, as citizen and Senator.

No Income or Sales Tax:

Our most important accomplishment, in terms of promoting the New Hampshire economy and preserving the New Hampshire Advantage, was defeating the Income Tax and Governor Jeanne Shaheen's Sales Tax. I oppose broad-based sales and income taxes because I truly believe they are a burden to our economy and job growth.

Drinking Water

With your help I introduced and passed legislation that will allow NH to ban MtBE and provide funding for critical contamination clean up.

For 2002 I have introduced legislation requiring public notification for any gasoline spill containing MtBE. Neighbors and local residents have a right to know if their drinking water may become contaminated.

Education:

As an engineer, I believe there is no better tool for success than a world- class education. But I believe that education must be provided with local control, with oversight given to parents and local teachers.

And teachers must be given the tools they need to teach, without fear. That is why I sponsored and past through the Senate the Teacher Liability Protection Act. Teachers must be able to teach and defend our children without fear or reprisal from frivolous lawsuits. I'm hopeful this bill will soon become law and discipline can be returned to the classroom.

2002:

Respectable employment that pays a living wage and provides benefits for our families is the key to happy families and safe neighborhoods and it hurts to know that some our friends and neighbors are without work.

Thank You.

I'd like to close by thanking all those who helped make 2001 a great success! Thank you for letting me serve you. Please call me anytime at 642-4243. I look forward to working harder for you than ever this coming year and hopefully many more.

Thank you Margaret Vaughan and Patrick Hanlon for your purchase of a bench in memory of Margie Vaughan Hanlon; thank you Jeffrey Fulmore of Interior Creations for donating assembly of the bench and installation of the plaque. FORPARK volunteers donated installation of the bench.

Hampstead Central School honored Marion Lake on her retirement with a donation for a tree and a stone-mounted plaque as a growing and permanent recognition of her years of service. The plaque and stone were installed. The planting site was cultivated. We selected a specimen crabapple; last year's persistent drought made planting risky. The tree will flower and fruit, provide shade, beauty - and food for birds.

Thank you gardening green-thumbers for your efforts maintaining the gardens donated by the Hampstead Garden Club. FORPARK and the town have been fortunate to have donors for all maintenance labor to date (we're always looking for others willing to lend a hand). FORPARK completed installation of 3 key mowing strips around 3 donated trees. The engraved pavers were selected by the donors. FORPARK also added two lilacs to Lilac Row, donated by Ginny Duston from her local stock. Also planted were ornamentals donated in memory of Francis Morin. We thank Lori Offord for her continued brick work, and donors for the bricks added this year. We appreciate Bob Seuss's and Judith Hoelen's donations, and the volunteers who helped clean up after spring flooding.

In October, **HARVEST FEST** combined Agricultural Day with the Annual Bonfire. We appreciate the continued appearance of Natalie Gallo as storyteller and the assistance of the Hampstead Fire and Police Departments and of the Hampstead Cable Committee. Thank you Kostandin bonfire contingent. Thank yous to: the Ceili Orphan Band, Pete's Sewer Service, Grand Rental, Shop 'N Save, Stake and Stone Farm, Dennis Silva and Osgood Hill Farm's pony cart, and the fest table participants. Agricultural displays included John Hunkele's bees, Karen Spencer with White Meadow Farm goats, Anne Tappan from Stepping Stone Farm and David Marden from Boot Hill Farm. Osgood Farm brought goats and miniature horses. Look for Harvest Fest again this fall.

FORPARK organized an outing to Flag Hill Winery in June. It was an informative and enjoyable evening at a lovely site and a chance to support a new agricultural project. New Hampshire's quality of life depends on a tapestry of open spaces and productive land. Check out the program **New Hampshire Everlasting: An Initiative to Conserve NH's Quality of Life**. Our state recognizes the immediate and long-term importance of planning to protect the state's varied and significant resources.

At the end of April, our area experienced several 90-degree days, followed by a hard frost. The heat made leaves expand early and water was pulled up into plants. The freeze split plant cells, cracking bark and shattering leaves. Park trees were hit by this double whammy. They pushed new growth but the full impact will take time to see. We're also watching rodent damage. Last year's deep snowcover let them chew and burrow.

We're relieved that we were finally able to install the corrected paver for the Hampstead Mothers' Club. There is one paver space available in the walkway, since one is slated for moving. We delayed planting the boxwood donated by the Hampstead Garden Club due to the drainage improvements specified by our stormwater management plan. Most materials for the drainage work are purchased and we look forward to completion (our volunteers look forward to a functioning system to replace their donated equipment and labor). The boxwood will be planted in the flagpole area when the drainage improvements are completed. FORPARK is donating an aerating fountain for the stormwater pond. It will improve water quality and prevent mosquito breeding - and enhance the aesthetics of our drainage system.

Also scheduled for this year is work along the Depot Road right-of-way, handling roadside run-off while improving pedestrian space and accommodating parallel parking.

Two new signs have been constructed to display the town's rules. These will be installed when frost and temperature allow, and fulfill another requirement of the Consent Decree.

FORPARK had to reallocate time to review a development proposal for the corner parcel across Main Street. It's a significant proposal for the park and the park's neighborhood. This unforeseen demand had an impact on time available for other work.

It was a delight to see the park used for a wedding on a beautiful July day, and we were pleased that the Hampstead Garden Club held a picnic meeting in the park. The park is available to you. Contact the town for details.

Thank you to the families we see relaxing together, to the friends meeting for lunch, to the bug-hunters and Frisbee-players and mound-runners - you are what the our park is for. In a time of harried hurrying, impersonal fleeting contacts, and chimeras, it's essential to maintain places for real people to choose their interactions in real time and space.

FORPARK, The Friends of Ordway Park Committee

Neil Reardon, Moderator	2002
Nancy Lacasse, Clerk	2002
George Stokinger, Treasurer	2002

ADMINISTRATION

Dr. Douglas B. McDonald	Superintendent of Schools
Dr. Mark R. Masterson	Asst. Superintendent of Schools
Thomas H. McDonald	Business Administrator

Hampstead School Board

Mary White, Chair

This has been a very difficult year for many members of our community with the economic downturn after 9/11. The School Board understood this and acted responsibly in planning throughout the last six months. We appreciate your understanding and acknowledgement of our efforts to work through these times.

In our review of the strategic planning goals we continued our training and development with the focus on two academic areas:

- emphasis on basic skills and knowledge in partnership with the application of critical and creative thinking and
- establishment of multiple assessments to measure and document students' performance.

A School Climate Committee was established to survey critical areas and develop an action plan to improve the effectiveness of our schools. This survey queried parents and students on day to day issues in the schools. Building on this initiative, a survey will be used in the year 2002-2003 to further our commitment to ensure we continue to seek input and make certain we are on target for these critical issues.

A foreign language program at the Middle School was another priority for this year. This has been a longstanding handicap for our students when they enter high school. Until this year, Hampstead was the only sending school to Pinkerton Academy that did not offer any language program. Our students are behind at the entry level. With the current program, our students will have had some exposure to language, culture, and writing of the Spanish language. The language-speaking component was cut due to the economy. The Board intends to reinstate this in the future.

Another program that has been on the forefront of our concerns is Special Education. In many respects Hampstead has been a model inclusion program. In addition, the community is continually being asked by the federal government to pick up the financial responsibility to pay for a federal mandated program that is 80% underfunded. Our goal for this year is to have monthly reports at the Regular Board meetings to present to the community the burden of this obligation and how we are addressing Special Education issues.

One very important area that we also tabled is the need for the new school for our district. Again, this was postponed in deference to our economic challenges. Today, we have 222 students in modulars. Even though these students may move through the main building, they do not have the same access to the library, research areas, teachers, etc. that is afforded to other students. In addition, core services are over burdened. The buildings were not built for the increased population. Continued postponement will have a negative effect on the quality of education for future students.

In the first year of operation as a 501C3 nonprofit member organization, Hampstead Educational Foundation has awarded the first grant to the eighth grade play. This will be used to purchase equipment for current and future plays. Applications for future grants are available in the schools. The foundation was established to meet an original goal of the first strategic plan.

Many thanks to all the community volunteers in the school district over the years! It is an exceptional gift to unconditionally give of your time and energy to all the children! This School Board is very grateful and sincerely appreciative.

Report of the Superintendent of Schools Dr. Douglas B. McDonald

It is a pleasure to submit my seventh annual report.

Budget

The proposed budget for 2002-2003 is \$16,809,858. The major factors impacting the budget are an increase in tuition costs for high school students attending Pinkerton Academy, salaries and fringe benefits for faculty and staff and federally mandated special education costs. The Hampstead School Board worked very hard to contain costs and it is anticipated that the tax impact for the proposed budget will be less than the rate of inflation.

Enrollment

Hampstead's student enrollment continues to grow. The district now has over 1200 students through grade 8, making Hampstead the 55th largest district in the state (out of 169 school districts). This puts us in the top third in school district size. (When we add in our high school students, we have over 1700 students, 34th overall.)

While we struggle with space issues in both our schools, the board made the decision not to ask the voters to approve funds for a new building this year. Given the economy and last year's tax increase, the Board felt that this was a reasonable and responsible thing to do.

September 11, 2002

Our students and our community were deeply impacted by the tragic events of September 11th. Students in our schools held fund raisers to help the families who lost loved ones at the World Trade Center and Pentagon, made and donated patriotic quilts, and raised funds as part of President Bush's relief efforts for Afghan children. Patriotic assemblies were also held and local veterans were honored. Students at Hampstead Middle School participated in The Lion's Club essay contest and Congressman Sununu addressed middle school students at a patriotic assembly. The community should be very proud of the way

our students reached out to assist others and demonstrated their patriotism in this time of national crisis.

Conclusion

I would like to thank the community, school board, faculty and staff for your support of school. I would particularly like to thank Marion Lake who retired after nineteen years as a teacher in our school district and Dorothy Towler who retired after twenty years from the SAU Financial Office. Their devotion and commitment to children is an example to us all.

*Dr. Douglas B. McDonald
Superintendent of Schools*

Report of the Assistant Superintendent of Schools Dr. Mark R. Masterson

In our review of our Strategic Plan goals, we focused on assessing school climate. Several decades of educational research suggest there are critical areas that promote student success in school. When the presence of those indicators is high, student success is most probable. Our surveys were based on the effective school's research and specific staff concerns. Here are some sample results:¹

Base Line Parent Survey Data (Strongly Agree/Agree)

My child is safe in school

CS 92% MS 89%

Positive School Spirit is evident

CS 95% MS 80%

School supports academic achievement

CS 90% MS 86%

School has a caring environment

CS 95% MS 82%

Teachers maintain appropriate discipline
in the classroom

CS 89% MS 74%

Base Line Student Survey Data (Strongly Agree/Agree)

I feel safe in Hampstead Middle School

Gr.5 & 6 90% 7 & 8 85%

My teachers expect this class to reach
high standards of performance

Gr.5 & 6 88% 7 & 8 73%

My teachers care about students and
their needs

Gr.5 & 6 88% 7 & 8 60%

¹ Copies of test scores and survey results are available from the respective principal's offices. The parent survey consisted of 84 questions and the Middle School student survey consisted of almost 200 questions.

State Test Scores. On all the State tests Hampstead students consistently score above the State average and in several areas are scoring as high as students in any schools in the State.¹ Here is one example:

Grade 3 LA Test Scores

Taxes. As everyone is aware last year's school budget jumped up. **Why?** The last "small" Hampstead senior class graduated from Pinkerton last year. This year's enrollment increase at Pinkerton was 55 *more* students. (By comparison for next year's budget we are estimating only 14 more Pinkerton students). Those 55 students and a modest tuition increase accounted for one-third of the overall budget increase. Secondly, voters made a one-time land purchase of \$475,000. That was approximately one quarter of the budget increase. In short, 57% of the 2001-02 school budget increase was caused by growth related issues.

Per Pupil Cost. Since 1990 the Hampstead per pupil cost has consistently been below the State average. Relative to the rest of the State, Hampstead's enrollment is high in proportion to assessed evaluation.

Per Pupil Cost

In summary, Hampstead's costs are below average; our test scores are well above average; and our goals are focused on continuous improvement.

PINKERTON ACADEMY REPORT

The year 2001 was an excellent one for Pinkerton Academy and for Hampstead students.

Awards and Recognition of Hampstead Students

The Academy had ten National Merit Scholarship Commended Students from the Class of 2002. Two are Hampstead residents: **Colby Burns** and **Mina Farkhondeh**.

Katie Burns of the Class of 2004 was recently named a runner-up in the prestigious Hugh O'Brian Leadership Award for high school sophomores. Among recipients of the school's 2001 undergraduate awards from Hampstead were **Mina Farkhondeh** (Bausch & Lomb Honorary Science Award), and **Kristen Sinitski** (The Wellesley College Club Book Award).

Class President of the Class of 2002 is **Zachary Sullivan** of Hampstead.

Among the eight students to represent Pinkerton Academy at last summer's Boys and Girls State were Hampstead students **Gillian Fairchild**, **Mina Farkhondeh** and **Kristen Sinitski**.

National Honor Society Members:

Paul Basehore	Kristen Leard
Sarah Boulter	Alyssa Leuchte
Laura Brown	Meghan Mahoney
Timothy Buck	Gregory McHale
Colby Burns	Beth Mitchell
Colleen Dunn	William Monaco
Gillian Fairchild	Ashleigh Offord
Mina Farkhondeh	Elizabeth Pelletier
Amy Fredericks	Paul Powers
Steven Gamein	Michael Scott
Alexandra Grizas	Justin St. Pierre
Elizabeth Hagen	Robert Shields
Sarah Hickey	Kristen Sinitski
Craig Highfield	Courtney Theriault
Amy Kaye	Melissa Treat
Elizabeth LaFrance	David Valter
	Garth Wilton

Mrs. Virginia Clark and **Mr. Wayne Bolen** are Hampstead's representatives on the Pinkerton Academy Board of Trustees.

Eight Grade Transition

The Academy offers a thorough plan for 8th graders to select freshmen courses. Pinkerton administrators visit the middle school in the fall with course mini-booklets and general information and return in the spring with full catalogs and specific information.

Course presentations are held at the middle school and there is a Course Night in late January/early February at Pinkerton where parents and all underclassmen can "sit in" and learn more about future courses. The evening is set up as a typical school day with shortened periods and attendees can move from class to class throughout the campus much like a student would.

Pinkerton counselors then visit the middle school to register 8th graders. Counselors are also available to all underclassmen for consultations on their course selections. Parents are encouraged to be heavily involved in their child's course selection.

Pinkerton has an intensive focus on the advancement of all 8th graders to the 9th grade. Various initiatives have been implemented to make the change of schools a positive experience. These efforts include a Transition Day, wherein only 9th graders attend classes on the first day of school. This enables freshmen to become familiar with teachers, schedules, and classes without the presence of upperclassmen.

Fall 2001 Rally for America

The Class of 2001 College Admissions and Post-secondary Information

Number of Graduates:	590
Number of colleges/universities/institutions accepting students from the Class of 2001:	381

Colby Burns and Kristen Sinitski receiving their Foreign Language Honor Society instructor certificates

Mina Farkhondeh receiving her National Honor Society pin from Headmaster Bradford V. Ek

Hampstead Middle School

Richard Fugere, Principal

At the beginning of the school year, I address the student body at the opening of school assembly. I tell the students what they can do during the year to be successful. My emphasis is mainly on things former students have told me contributed to their school success. First, do your homework! It is a fact that students who come to school prepared for class are more likely to have less stress, be engaged in class activities and perform well overall. In fact, a student survey we conducted last spring asked students if they felt that homework helped them learn. Overwhelmingly, the students agreed the homework helped them learn. Over 90% of the students responded that they make an effort to do their homework everyday. Several years ago our guidance department started an after school "Homework Club" to help students complete their homework. We have three faculty members who oversee the program. Also, we recruit Pinkerton Academy students to tutor middle school students. Homework Club meets two days a week with twenty-five to thirty students there everyday. A special thank you to Hampstead High School tutors who come after school to give back to the Middle School!

Another way to ensure success is for students to get involved in their school. It is important for students to take part in school activities and become involved. We offer a large number of opportunities for students to help shape their school experiences. The list that follows are some of the activities and clubs available: Destination Imagination (OM), SAVE (Students Against Violence in Education), National Junior Honor Society, Student Council, Athletics, Band, Chorus, Homework Club, Nature's Classroom, Tri-M-Music Honor Society, Yearbook Staff, FCCLA, Recess Rangers, Student Aides (nurse, office, science, social studies) Peer Mediation, Technology Aides, Athletic Student Managers, Cheerleading, Recycling, and Class Officers. As you can see there are many wonderful opportunities for students to get involved in their school. A quick calculation shows that there are as many opportunities for student involvement as there are students in our school.

A third way to ensure success is for students to set goals for themselves. One of the important aspects of our Prime Time Advisory is academic goal setting. Students are asked to project how they will do in their classes before each term.

Some students write the goals in their daily plan book or teachers provide goal sheets that are kept in the students Prime Time folder (when writing the goals, students are encouraged to write down things they need to do to achieve their goals). Goals are reviewed at the end of each term.

We are very fortunate to have a staff and student body who are committed to high performance. There were several questions on the student survey the School Climate Committee administered last spring that highlighted how students feel. "My teacher expects the class to reach high standards", 81% of the students agreed. "My teacher expects me to come to class well prepared", 85% agreed." My teacher is available for extra help", 75% agreed. The district Climate Committee was established through the Strategic Planning process to measure student attitudes about the school. The first year data is a baseline for us to improve our schools. A survey will be administered annually to both students and parents.

Parents are part of the third leg of our triangle for success (students, staff and parents). Again, our schools are blessed with very supportive and committed parents. Our volunteer program is annually recognized as a Blue Ribbon winner amassing over 8000 volunteer hours. Parents are an integral part of our school - Athletic Club, Music Boosters, Ski Club, and 8th Grade End of the Year Trip. None of these programs could exist without our parents. For the last three years parents have attended the week-long overnight environmental school. This year, I had eight fathers attend to help chaperone and sleep with students in cabins. They were a welcomed addition to our teachers.

The Middle School is alive and well! The student and parent survey results were positive and encouraging. We do have areas to improve that we have identified and will address throughout the year. Our state test scores are very strong and our Pinkerton Academy students continue to do well!

If you are in the neighborhood, please stop in and visit!

Hampstead Central School

Dillard Collins, Principal

The daily lives of all Americans changed dramatically on September 11. The intentions of a few ruined the lives of many, and wrongfully impacted the lives of all Americans. Central School responded to this unfortunate turn of history, with lots of generosity and gifts. The Central School children, families and staff collected items and cash to assist the victims of September 11. The gifts were sent to victims in our country as well as Middle Eastern countries. Hopefully this small effort will help us bring peace to more children around the world.

Over the past few years our schools have focused on improving school safety and crisis planning. The amount of school support this year with Hampstead Police and Fire Departments is unprecedented. The support from Youth Officer Dale Childs and Chief Joe Beaudoin has been greatly appreciated by our schools. The level of support from our new full-time firemen, Ed Clark and Chris Beaudoin along with Chief Chip Hastings is again remarkable. Last year Maurie Worthen received the NH Champion For Children award, recognizing years of volunteer efforts for fire safety in our schools. These public officials and staff have collaborated with HCS staff to improve crisis plans to create a safer school. Simple changes have included playground fencing, security cameras, safer hallways, drills, contingency plans and many facets of a better school. The success of this critical collaboration is a benefit that we all need and appreciate.

All of the major studies show that one the most important elements of successful schools is the partnership between parents and the school. The NH Department of Education sponsors the Partners In Education (NH PIE) volunteer recognition program. Central School is very proud to accept the 11th consecutive Blue Ribbon Award from NHPiE. We estimate that this effort has brought in nearly a quarter of a million volunteer hours to HCS over the past 11 years. Hampstead has historically earned this award with distinction. Congratulations to our volunteer leaders: Jody Bartolotta, Kathy Stanton, Jaye Dimando and Claire Stilling.

Central School staff members are the core of success for our schools.

- David McCormick and Ann Pinto have taught a UNH graduate education courses at HCS this year. Many staff members enjoyed their course, "Learning Through Teaching" based on children's understanding of reading.
- Deb Bridges and Pat Huntington will present our multi-age program at the New England SDE conference in April.

We continue to maintain our relationship with Keene State College and the student teaching program. This has benefited Hampstead children with many cutting edge educational ideas. Our schools have also benefited with direct access to some of the best new teachers entering the profession, including 9 teachers on the HCS staff.

Curriculum is one of the core tools educators use to assist children with their growth. Fortunately we have a great staff that invests many hours in refining our curriculum. This past year has been very active in the area of Language Arts. The HCS staff members have moved forward with a significant amount of improvements in Language Arts with the adoption of the newest edition of Open Court. We have also moved the district into the Rebecca Sitton program, offering a strong integration of spelling.

The curriculum along with substantial efforts from educators, parents and students is showing solid results through the accomplishments of our children. We have some of the strongest scores in the NH statewide testing for our third graders. In addition, the testing over the past few years have shown consistent improvement. These solid scores are indicative of strong educational opportunities in all Hampstead classrooms.

NHEAIP scores for Hampstead and other NH communities are available on line at <http://www.ed.state.nh.us/>.

SURVEY SAYS! ... Over the past year we have invested a great deal of time studying the overall effectiveness of our schools through three surveys. These surveys were targeted to three distinct groups: HCS students (grades 3-4), HMS

students (grades 5-8), and all HCS/HMS parents. After the creation, administering, tallying and analysis of the surveys we found some very useful information about schools. Along with some areas needing improvement, we found many strengths.

- The students were overwhelmingly supportive of the staff, and consistently affirmed that they are "helpful and friendly". Many received an approval rating of 97% or higher.
- Both parents and children affirmed that they feel safe at school, on the buses, on the playground and in all of the classrooms.
- Both parents and children strongly affirmed that the discipline and curriculum at HCS is appropriate for all children.
- The parents gave the school an average grade of "A-" for overall effectiveness.

The bottom line is that the survey supported what we all know, that Hampstead schools are wonderful and successful. Special thanks go to the many volunteers, staff and students from the Climate Committee that collaborated to develop these surveys.

The school-wide integration theme for 2001-2002 has been Artists. In line with this effort, we are very thankful for the generous and artistic creation from Nick Maselli. He created and

installed a new sign in front of the school, permanently located in the perennial garden. The sign is hand carved wood with golden letters on a bright red background. In this school year of the artist, we are honored to share the beauty of an original artistic creation from a Hampstead Artist.

The state's endless education budget debate, in conjunction with the tough economic times, are certainly impacting all of us. Many families are struggling with economic impacts, while trying to keep their children's future a priority. We need to maintain the fundamental priority of education as defined in the words of Plato (482 BC – 348 BC)

"The direction in which education starts a man will determine his future life."

Hampstead Schools have successfully helped many children with a great start and will continue with more great starts, because of the needs of our future. This great start needs to be given to all children as stated in the district's mission statement.

The mission of the Hampstead School District is to provide challenging educational opportunities that prepare all students to live and work in the 21st century.

Artist Nick Maselli

Grades 1,2
Multi-age Classroom

Community Thank You !

The Hampstead Middle School and Hampstead Central School are most appreciative of the generosity of citizens, organizations, and businesses as they help us maintain and improve the quality of our schools. We gratefully acknowledge donations we have received from the community during the past year.

School District Treasurer	3-year term		

➤ Article 2 – 2002-2003 Budget

Shall the Hampstead School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$16,947,312. Should this article be defeated, the operating budget shall be \$16,809,858, which is the same as last year, with certain adjustments required by previous action of the Hampstead School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: Warrant Article 2 (Operating Budget) does not include appropriations proposed under any other warrant articles.

Recommended by the School Board

Not Recommended by the Budget Committee

➤ Article 3 - General Acceptance of Reports

Shall the Hampstead School District accept reports of agents, auditors, and committees as written in the 2001 Annual Report.

Independent Auditor's Report**PLODZIK & SANDERSON***Professional Association/Accountants & Auditors*193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380**INDEPENDENT AUDITOR'S REPORT**

To the Members of the School Board
Hampstead School District
Hampstead, New Hampshire

We have audited the accompanying general purpose financial statements of the Hampstead School District as of and for the year ended June 30, 2001 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Hampstead School District as of June 30, 2001, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Hampstead School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Hampstead School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

August 17, 2001

*Plodzik & Sanderson
Professional Association*

Official Election Results

March 13, 2001

Article 1 - Election of Officers (March 13 only)

To choose the following school district officers:

School Board Member	1-year term	Natalie Gallo
School Board Member	3-year term	Howard Davine

Article 2 - Bond Issue

Failed Yes - 1144 No - 904

Shall the Hampstead School District vote to raise and appropriate the sum of \$8,328,760 for construction and original equipping and furnishing of a new primary school (preschool through grade 2) to include a library, cafeteria, gymnasium, and classrooms.

Further, to authorize the issuance of not more than \$8,128,760 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon;

Further to authorize the expenditure of up to \$200,000 from money to be gained from the short term investing of the proceeds from the bond sales for the project and authorize the School Board to take any and all actions necessary to carry out any vote hereunder or take any other action relative thereto.

Furthermore, shall the Hampstead School District vote to raise and appropriate the sum of \$230,069 to pay the first interest payment due on the borrowing authorized above.

(60% vote required)

(The actual cost to tax payers is \$5,630,132 plus interest on the bond. The \$8,328,760 proposal is offset by \$2,498,628 from State Building Aid and \$200,000 in interest on investments)

Article 3 - Land Purchase

Passed Yes - 1299 No - 826

Shall the Hampstead School District vote to raise and appropriate the sum of \$475,000 for the purchase of approximately 36 acres of land located at Depot Road in Hampstead, said land to be used for a future primary school building.

(When a school is built on this land, the \$475,000 will be offset by \$142,500 from State Building Aid)

Article 4 - Land Swap

Passed Yes - 1343 No - 762

Shall the Hampstead School District authorize the School Board to convey to the Town of Hampstead Conservation Commission an approximate 18 total acre portion of Tax Map 1 lots 39 and 43 off Depot Road, and authorize the School Board to accept the conveyance of an approximate 9 acre portion of Tax Map 1, lot 42, free of conservation restrictions, subject to the School District receiving a title certificate or opinion that the land to be conveyed by the Town to the School District has marketable title, and that the conveyance of the School District of said portion of Tax Map 1 lots 39 and 43 does not violate any restriction or condition whereby the School District acquired said land.

(This article permits a land swap between the School District and the Hampstead Conservation Commission for property on Depot Road)

Article 5 - 2001-2002 Budget**Passed Yes - 1350 No - 708**

Shall the Hampstead School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$15,616,058. Should this article be defeated, the operating budget shall be \$15,531,816, which is the same as last year, with certain adjustments required by previous action of the Hampstead School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: Warrant Article 5 (Operating Budget) does not include appropriations proposed under any other warrant articles).

Article 6 - Hampstead Support Personnel Association NEA-NH Contract**Passed Yes - 1449 No - 610**

Shall the Hampstead School District vote to approve the cost items included in the collective bargaining agreement reached between the Hampstead Support Personnel Association NEA-NH and the Hampstead School Board which calls for the following increases in salaries and benefits:

Cost Distribution

	2001-2002 Year 1	2002-2003 Year 2	2003-2004 Year 3	2004-2005 Year 4
Salaries	\$31,864	\$24,657	\$30,680	\$31,234
FICA	2,438	1,886	2,347	2,389
NH State Retirement	1,423	1,101	1,370	1,395
Insurance	24,833	25,745	29,562	33,945
Custodial Uniforms	6,370	319	337	350
Total	\$66,928	\$53,708	\$64,296	69,313

and further to raise and appropriate the sum of \$42,095 for the 2001-2002 fiscal year, such sum representing the increase in salaries and fringe benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

(Under State law, the School District must maintain current insurance benefits if the contract is not approved by the voters. The cost of insurance therefore, while shown above, is budgeted in the operating budget in Article 5 rather than Article 6)

Article 7 – Authorization for Special Meeting on Cost Items**Passed Yes - 1498 No - 547**

Shall the Hampstead School District, if Article 6 is defeated, authorize the Hampstead School Board to call one special meeting, at its option, to address Article 6 cost items only.

(Without this Article, the District would have to petition Superior Court for a Special School District Meeting. This saves the District the expense of attorney fees and court costs)

**Article 8 - Public Kindergarten
null and void**

Shall the Hampstead School District vote to operate a public kindergarten program beginning in the 2002-2003 school year and raise and appropriate the sum of \$170,270 to construct and equip a building to house a kindergarten program; and further raise and appropriate the additional sum of \$510,811 for the same purpose and authorize the District to apply for, accept and expend \$510,811 the kindergarten building aid to offset this appropriation. This Article is contingent on Article 2 passing. This Article is further contingent on the receipt of State Kindergarten Aid.

(This article authorizes the construction of a kindergarten to be paid for in one year from funds to be raised by the District in the amount of \$170,270 and from state aid in the amount of \$510,811. In addition, over a period of five years, the District will receive \$51,081 additional dollars in State Building Aid reducing the final cost of kindergarten to \$119,189)

**Article 9 - General Acceptance of Reports
Passed Yes - 1773 No - 241**

Shall the Hampstead School District accept reports of agents, auditors, and committees as written in the 2000 Annual Report.

Hampstead Post Offices

Site of old store that burned on June 1, 1917

Hampstead Post Offices

Isaac Randall's Store – Main St. across from Congregational Church 1898

1999 Hampstead Post Office

2001 New Hampstead Post Office

West Hampstead Post Office over John D. Ordway & Co. was built about 1800 as a store. The 2nd floor became a hat factory in the 1800's til late 1850's. Right section of building is a home/office 1999.

Building was moved from diagonally across from the Congregational Church in 1947.
